## Minimally Invasive Procedures

### **Botox/Dysport**

**\$300**

A Botulinum toxin cosmetic procedure has been a rewarding solution for many patients who are looking to treat lines and wrinkles on the face. These injections stop muscle movement which then smooth out lines and wrinkles on the face. The expected results can last 3-5 months.

### **Botox/Dysport - Forehead**

**\$300**

30 Minutes

This procedure includes injecting Botox or Dysport to smooth out the horizontal lines along the forehead.

### **Botox/Dysport - Between Eyebrows**

**(Glabella or 11 Lines)**

**\$300**

30 Minutes

This procedure includes injecting Botox or Dysport to smooth out the vertical lines and wrinkles in the space between your eyebrows.

### **Botox/Dysport - Bunny Lines**

**\$300**

30 Minutes

This procedure includes injecting Botox or Dysport to treat the lines around the nose.

### **Botox/Dysport - Gummy Smile**

**\$175**

Show too much of your gum line when you smile? Show a little less "gum" with an easy Botox treatment and start showing off your smile!

### **Botox/Dysport - Crows Feet (around the eyes)**

**\$300**

30 Minutes

This procedure includes injecting Botox or Dysport to smooth out the lines around the outside portion of the eyes that can be seen while smiling and certain facial movements.

### **Botox/Dysport - Jaw Muscles**

**\$500**

30 Minutes

Botox is injected into the chewing muscle (masseter) causing it to weaken and shrink in size in order to narrow the jawline and width of the face. The procedure also helps some people who suffer from teeth grinding by relaxing the jaw muscles thereby reducing overall tension in the face.

### **Botox/Dysport - Neck**

**\$500**

30 Minutes

Botox is injected into the platysmal bands of the neck or vertical bands along the neck. This procedure smooths out the lines along the neck to create a higher contour.

### **Botox/Dysport - Lip Flip**

**\$150**

Botox is injected around the upper lip to relax the top lip and "flip" it out, creating a subtly more poutier look.

### **Fillers - Cheeks**

**\$975 per syringe**

30 Minutes

Non-surgical cheek augmentation with dermal fillers helps elevate cheek bones, contour your face, and lift the cheeks.

### **Fillers - Chin Augmentation**

**\$975 per syringe**

30 Minutes

Non-surgical chin augmentation enhances the appearance of the chin and lower face while also sharpening the jawline.

### **Fillers - Nonsurgical Nose Job**

**\$1275**

30 Minutes

Non-surgical nose job is a minimally invasive procedure that can be used to compliment the contours of your nose without the risks and recovery time associated with surgical rhinoplasty.

### **Fillers - Laugh Lines**

**\$775 per syringe**

30 Minutes

Dermal fillers can be injected to the smile lines around the mouth, nasolabial folds, and marionette lines to smooth these wrinkles out and reduce their appearance.

### **Fillers - Lips**

**\$775 per syringe**

30 Minutes

Enhance your lips and add volume with dermal fillers.

### **Fillers - Marionette Lines**

**\$775 per syringe**

30 Minutes

Dermal fillers can be injected to the smile lines around the mouth, nasolabial folds, and marionette lines to smooth these wrinkles out and reduce their appearance.

### **Fillers - Nonsurgical Jaw Augmentation**

**\$975 per syringe**

30 Minutes

Non-surgical jaw augmentation is the non-surgical way to enhance the look of your jawline for a more naturally contoured look.

### **Fillers - Tear Trough**

**\$1250**

30 Minutes

Removing dark circles and under-eye bags with filler provide a patient with a long-lasting natural results.

### **Fillers - Temples**

**\$1125**

30 Minutes

Hollow temples can be corrected with the use of facial fillers to address volume loss.

### **Microneedling**

**\$450 per session**

45 Minutes

Micro-needling works to naturally stimulate collagen creation to help tighten and lift the skin. It helps in reducing fine wrinkle lines, minimizing stretch marks, and various types of scars. Micro-needling causes minimal damage to the skin penetrating the deeper dermis skin. The damage from the micro injuries causes the immune system to respond and repair the skin resulting in reduced wrinkles or scars.

### **PRP (Vampire Facial) with Microneedling**

**\$850 per session**

60 Minutes

PRP with micro-needling is a safe and non-surgical procedure that rejuvenates aging skin by restoring skin tone, texture, and volume. The first phase of the procedure involves drawing your own blood and isolating the platelet-rich plasma (PRP), a procedure that only takes a few minutes. The platelets are activated to initiate the release of growth factors that promote tissue repair or regeneration and promote healing. PRP is then combined with micro-needling to further stimulate collagen production, reduce wrinkles, and improve scarring.

### **Fillers - Hands**

**\$775 per syringe**

30 Minutes

Dermal fillers used in hand rejuvenation can restore lost volume giving your hands a more youthful looking appearance.

### **Chemical Peel Facial**

**\$200**

45 Minutes

We bring you healthy, glowing skin. Over the years, acne and the elements result in fine lines, discoloration, wrinkles, and scarring. Chemical peels are an affordable option to achieve healthy looking skin and are typically recommended one a monthly basis.

### **Gold Needle Botox Facial**

**\$625 per session**

45 Minutes

The Gold Needle Botox Facial is a customized treatment involving dilute neurotoxin, combined with ingredients like hyaluronic acid, glutathione, B-complex, Vitamin C, or Vitamin A depending on what your particular skin needs are. The procedure involves numbing with a cream in our relaxation room for 15 minutes followed by treatment with gold-tipped needles delivering the treatment straight into the epidermal-dermal junction. The end results in smaller pores, brighter tone, extra hydration, reduced fine lines, and improved texture.

### **Kybella**

**\$1250 per session**

45 Minutes

Are you distressed or bothered by your double chin? Fat accumulates under the chin due to aging, weight gain, or genetics. Surgical treatments, such as face lift, neck lift and liposuction, used to be the only available solutions for double chin. Now Kybella is the revolutionary non-surgical treatment that permanently melts away

### **PRP Hair Rejuvenation \$1150**

**60 minutes**

PRP therapy is a safe and effective treatment for both males and females. The process involves drawing a patient's blood and placing it in a centrifuge, which separates the platelet rich plasma from the rest of the blood. The PRP is then injected into areas where hair is thinning. Numbing cream and injection are available for comfort. It takes approximately 6 months to see optimal results of hair growth after completing a minimum of 3 treatments.
